In 2006-07, budgeted staffing levels will remain the same, the department will incur increased costs from negotiated labor agreements, retirement, workers compensation, central computer and inflationary services and supplies purchases; and will incur a decrease in risk management. Prior to 2006-07, the department has been using available fund balance to pay a portion of the cost of administering the employee benefit programs. There is insufficient fund balance to continue financing in this manner; therefore, the reimbursement budget is increased because a departmental re-charge has been implemented in 2006-07 to fund a portion of ongoing costs.
